Sant Longowal Institute of Engineering and Technology, Longowal

&

Shastri Indo-Canadian Institute, India

Jointly organizes

Lecture Series on

"Computational Intelligence and Machine learning"

This lecture series focuses on the following topics specifically:

- Computational Intelligence Main paradigms and Approaches
- Data Transformation and Model Selection Algorithms
- Machine Learning Model Evaluation and Debugging
- Principles and Foundations of Machine Learning
- Decision Tree Classification Algorithms

Chief Patron : Prof. Shailendra Jain, Director, SLIET Longowal

Patron : Prof. J. S. Dhillon, Dean Academics

Chairman : Prof. Manoj Sachan, HoD CSE

Programme Coordinators:
Dr. Birmohan Singh, Professor CSE
Dr. Jagdeep singh, Assistant Professor CSE

Speaker :
Dr. Isaac Woungang,
Ryerson University, Canada

DATE:

Monday, 14th March, 2022 &
Tuesday, 15th March, 2022

TIME:

9:00 AM to 12:30 PM (IST)

Speaker :
Dr. Sanjay K. Dhurandher,
NSUT, India

About the SLIET, Longowal

Sant Longowal Institute of Engineering and Technology (SLIET), (Deemed-to-be-University) was established by the Ministry of Education, Government of India in the year 1989 to provide technical education in the emerging areas of Engineering and Technology. A lush green campus houses more than five thousand students in the integrated certificate and diploma, undergraduate, postgraduate, and doctorate programs in various disciplines of Science, Engineering, and, Technology.

About the Department

The Department of Computer Science and Engineering started in 1991. Global excellence and local relevance in teaching, research, and technology development is the main objective of the department. The Department is imparting quality education at the level of Integrated Certificate and Diploma (ICD) in Computer Science and Engineering, B.E. (Computer Science and Engineering), M.Tech. (Computer Science and Engineering) and Ph.D.

About the Shastri Indo-Canadian Institute

The Shastri Indo-Canadian Institute is a binational organization that promotes understanding between India and Canada through academic activities and exchanges. The Shastri Institute is funded by and partners closely with government bodies in both India and Canada. Shastri Indo-Canadian Institute's broad-based initiative is to support the creation of bi-national relations between academia, government, the business community, and civil society organizations by funding research and hosting academic activities in Canada and India. SICI continues to engage with member institutions from time to time through programmes, grants and activities to encourage collaborations in the higher education corridors between both nations.

About the Lecture Series

This lecture series introduces computational intelligence theory, different computational intelligence paradigms, and how these can solve various practical problems. It also introduces the main concepts of genetic algorithms and how to implement and solve problems. Machine learning concepts and building blocks for successfully designing machine learning systems are also discussed, along with how machine learning algorithms can be applied to real-life problems. The lecture series starts with a few introductory lectures on topics in the above-mentioned areas.

Lecture Contents

This lecture series focuses on the following topics:

- Computational Intelligence Main paradigms and Approaches
- Principles and Foundations of Machine Learning
- Decision Tree Classification Algorithms
- Data Transformation and Model Selection Algorithms
- Machine Learning Model Evaluation and Debugging

Mode of Lecture Delivery

Online using Google Meet:
https://meet.google.com/mem-bwou-gkr

Who can Apply

Faculty, scholars, and students from Shastri Indo-Canadian Institute (member institutions), and, from technical institutions approved by AICTE.

Resource Persons

1. **Dr. Isaac Woungang**, Professor, Department of Computer Science, Ryerson University, Canada.

2. **Dr. Sanjay Kumar Dhurandher**, Professor, Department of Information Technology, Netaji Subhas University of Technology, Delhi, India

3. **Dr. Anshul Verma**, Assistant Professor, Department of Computer Science, Banaras Hindu University, Varanasi, India

Registration Fee

Institute Vision

SLIET shall strive to act as an international podium for the development and transfer of technical competence in academics through formal and non-formal education, entrepreneurship, and research to meet the changing need of society.

Institute Mission

- Non-formal, flexible, modular, multipoint entry programs in engineering and technology and in the areas like rural development, educational planning, information, and management sciences.

- Education and training in modern technology areas.

- Promotion of self-development among the students.

- Extension services to industry working population, passed-out students, social organizations, and institutions of research and higher learning.

- Close interface with the industry to conduct research based on manpower requirements leading integrated educational planning curriculum development and instructional material preparation in technology and interdisciplinary areas.

E-Certificate

E-Certificate will be issued for all those who register and attend the Programme.

Programme Overview

Day-1:March 14, 2022 (Monday)	
9:00AM-9:10AM	Opening annotations by Dr. Jagdeep Singh
9:10AM-9:15AM	Welcome Address with Keynote Presentation by Prof. Manoj Sachan, HoD CSE, SLIET Longowal
9:15AM-9:20AM	Address by Prof. J S Dhillon, Dean Academics, SLIET Longowal
9:20AM-9:35AM	Inaugural Address by Prof. Shailendra Jain, Director, SLIET Longowal, India.
9:35AM- 09:50 AM	Keynote Address by Dr.Prachi Kaul, Director, Shastri Indo-Canadian Institute (SICI) India.
9:50AM- 09:55 AM	Vote of Thanks by Dr. Birmohan Singh
10:00AM- 10:55 AM	Speaker 1: Prof. Isaac Woungang, Department of Computer Science, Ryerson University Canada
	Topic: Computational Intelligence main paradigms and approaches
11:05AM-11:55AM	Speaker 2: Prof. Sanjay Kumar Dhurandher, Department of Information Technology, NSUT, New Delhi,India
	Topic: Machine learning model (Opportunistic Networks)
12:00PM	Closing remark by Dr. Jagdeep Singh

Day-2: March 15, 2022 (Tuesday)	
9:00AM-9:10AM	Opening remarks by Dr. Jagdeep Singh
9:15AM-10:05AM	Speaker 1: Prof. Isaac Woungang, Department of Computer Science, Ryerson University Canada
	Topic: Machine learning foundation, principles, process, and applications
10:10AM– 11:00AM	Speaker 2: Prof. Anshul Verma, Department of Computer Science, Banaras Hindu University (BHU), Varanasi, India
	Topic:- Decision Tree Classification Algorithm
11:05AM-11:55AM	Speaker 3: Prof. Sanjay Kumar Dhurandher, Department of Information Technology, NSUT, New Delhi, India
	Topic: Machine learning model evaluation and debugging
12:00PM-12:15PM	Vote of Thanks by Dr. Birmohan Singh
